Thalberg and Vieux Temps, are to be in Nashville, to give three of their concerts, on the 24th, 25th and 26th of this month.-The many who were disappointed by their failure to be here several weeks ago, as was a lyertised, will hail this announcement with joy. The praises which have been lavished upon them by the press, throughout the county, wherever they have been, is evidence that HATS, CAPS AND LADIES FURS. their pretensions to being the first musicians of the age, are well founded.

THE GAIRTY .- The many admirers of Miss DURAND will avail the opportunity afforded this evening, to give her a substantial appreciation of her professional excellence. She will receive her farewell benefit at the hands of the Nashville public this evening-when we shall expect to see the theatre literally crowded. The Crown Diamonds is regarded by those who heard it on a previous occasion, as one of the most delightful of all the operas performed by this Troupe, and of itself should draw a house full.

## Amusement Ahead.

A letter from Mr. F. Three advises us that Miss Anna Vall, accompanied by a competent troupe, will visit Nashville in a short time, with a view to giving a series of musical cutertainments. Miss Van., we understand, has improved wonderfully since she appeared here in 1856, when she was regarded as a vocalist of uncommon merit. We copy the following notice of her from the Petersburg (Va.) Express, of the 22d ult : Miss Anna Van.-This very pretty and

South in the spring of 1856, and was with Ole | ances can always be had. Bull in Petersburg in the May of that year. Since then her conquests have not been counted by ones but by hundreds, wherever she has appeared, and still possessing a fascinating personnel and a voice improved by time and practice into a soprano of surpassing melody and nower, she is destined to extend the field of conquest still farther into the dominions of the councisseur and the beauty worshipper. Beanty and music are inseparably allied in point of effect, for we believe with a contemsorary that harmony between the sounds and the singer are expected by every patron of the muse. A beautiful woman without the "concord of sweet sounds" in her soul is truly fit only fer "stratagems and spoils," and in an ugly woman should we find the divine gift in fullest quantity, we experience a sort of horror when it finds its way out, for fear that some note may split on a sharp point of her distorted countenance and ruin the harmony of the whole. We prefer listening to such women in the dark.

New Invention.-The latest invention is a walking caue rifle, patented by G. F. Thomas and manufactured at Ilion, N. Y. Without the closest scrutiny it cannot be discovered that it is a gun. It exactly resembles a black ebony walking cane, and is very little, if any heavier. The mechanism of the lock is beautiful and entirely hidden. The ferule on the purpose of a charger. GREAT CONDESCENSION. Queen Christiana, who has been visiting the Pope in Rome, has lately received a return visit from Pio Nono, on which occasion that gracious pontiff permitted her Spanish majesty to kiss his august toe. The persons of her majesty's suite followed suit, and the foot of the head of the church was affectionately pressed by the ruby lips of a crowd of beauties, young and old.

A PRESENT FOR MAYOR TIEMANN. - The dealers in paints in Boston have ordered to be constructed an elegant and costly chaise, Having ampie Storage, are prepared to receive which they intend to present to Mayor Tiemann, of New York. Depression of spirits and irratibility of temper, &c. Have, in many cases, defied the skill, heretofore of th est medial practitioners in the world, and many ca ave been abandoned as incurable.

Dr. J. Will-HAMS, Chemist and Pharamaceutist, after studying closely the practice of Drs. Abernathy and J. Johnston, England, and observing the nature of the lisease in all its stages, during a sojourn in the sout and western portions of the United States, when provails to a greater extent than elsewhere, process om South America, certain roots and herbs. which he prepared an "Elixir," which, after eighteyears' use in private practice, has proved itself more efficacious in the cure of Dyspepsy, than any medicin hat has ever been prepared in any age or any clin or the same purpose. Having submitted it, with an explanation of its cor ponents, to a number of Physicians of Philadelphia, a mong whom were the late Drs. Joseph Hartshorne and J. C. Morton, it has received their entire approval, and many of the Medical Faculty are now not only prescribing it for their patients, but are using it themselves personally, and in their families. As a tonic, it is une qualled, and its properties are of so invigorating a nature, that it is given with perfect safety and success to the most tender infants.

The "Elixir" is very gradual, but certain in its action upon the organs of digestion, the increased secretions of the liver, pancreas and mucus membrane of the stomach, and requires that only one dose be taken in twenty iour hours; for confirmed Dyspepsy, can only be cared by gradually restoring the organs of digestion to a healthy state. The great success met with in curing the most aggravated cases of Dyspepsy, accompanied sometimes with a high grade of hypochondriasis, has established the most unbounded confidence in the curative proporties of this "Flixe". he curative properties of this "Elixir," in corrobor, tion of which, read the following testinonials:—
ATTESTATION.—We having used Williams' "Anti
Dyspeptic Elixir" with the most perfect satisfaction and success, take great pleasure in recommending it to al persons suffering with Dyspepsy, as we are fully coumeed of its most estimable qualities in restoring the and imparting a healthy tone to the stomach.

Testimony of H. N. Sperry, who was abandoned as in mercanic as Sperry, who was abandoned as in Dr. J. Williams—Dear Siris—For lifteen years previous to 1854, I suffered so much from Dyspepsy, that I became completely prostrated, both in mind and body mad at least heaving some and least least heaving. and at length became so weakened I could not attend to my business, and was sinking into a decline, and it was believed I never could recover; medical aid was pro-cured for me, and every means resorted to without any relief, till I was advised to use your "Elixir," and any reiner, till I was advised to use your "Elixir," and from the time I began taking it I gradually improved till I was completely restored to health. The dreadful sufferings I endured from Dyspepsy I cannot describe; but I am confident that without the use of your "Elixir", "I should be in my grave. I assert that I solemnly believe your "Elixir" has saved me from an early death. I continue now in the enjoyment of most excellent health. ellent health ellent health

A City of Nashville, in October, 1857, the Judges appointed to examine articles in Class 43-No. 17, GROVER & BAKER'S Sewing Machines: No. 164, Strogen's-REPORT upon the PRINCIPAL points and merits of the two nachines as follows: The machines are both two-thread machines,

that is, using two separate threads for making the stitch; that of GROVER & BAKER using the thread from COMMON SPOOLS WITH TWO NEEDLES; and that of Sixuza's using one spool and one needle, the other thread working from a BOBBIN INCLOSED IN A SHUT-TLE, and, in the opinion of the committee, is best adapted to FINE CLOTHING, SAD-DLERY, &c. The GROVER & BAKER as the LEAST COMPLICATED MACHINERY, AND, OF COURSE, EASIER MANAGED; advantage of USING SPOOLS WITHOUT RE-WIND
